EXPERIENCE

Front End Intern [↗](#)

Jan 2025 – Mar 2025

Bootcoding

Nagpur, India

- Developed responsive websites using React and Bootstrap.
- Improved UI/UX and mobile responsiveness.

PROJECTS

PORTFOLIO [↗](#) | [React.js](#), [Tailwind CSS](#), [Express.js](#), [Web3Forms](#)

Jun 2026

- Designed and developed a personal portfolio site using React.js, Tailwind CSS, and Express.js with Web3Forms integration for contact functionality, product description and project showcasing through a responsive and user-friendly interface..
- [Live site here](#)

Hospital Patients Tracking System [↗](#) | [React.js](#), [Bootstrap](#), [Express.js](#), [MongoDB](#)

Jun 2026

- A full-stack MERN application designed to manage hospital operations efficiently. The system allows administrators to manage doctors, patients, appointments, and medical records through a centralized dashboard..
- Features include patient registration, appointment scheduling, doctor management, and secure database storage..
- [Live site here](#)

Zerodha Clone [↗](#) | [React.js](#), [CSS](#), [Express.js](#), [MongoDB](#)

Jun 2026

- A responsive clone of the Zerodha trading platform built using React. The project replicates the modern UI/UX of Zerodha, including landing pages, navigation, product sections, pricing information, and responsive design..
- It demonstrates front-end development skills and component-based architecture..
- [Live site here](#)
